EARN POINTS & SAVE MONEY

Dear Potential Partner,

During our 60 years in business we have learned how valuable having strong partners is to growing your business!

We developed this program to reward those who use us currently for service but perhaps not for supplies, or those who purchase a paper cutter from us but do not think of us for laminating film. We carry a complete catalogue of supplies, if you require something that you do not see within our price lists or website certainly let us know as we can most likely source it through one of our worldwide suppliers.

We offer the total solution and it is time that you were rewarded for your purchases with us! With our partnerPOINTS program you will earn points for supplies and blade change programs. We place no restrictions on the use of the points! You can redeem them online towards the purchase of supplies, equipment or blade change programs!

We understand that you have choices however we want to be your total solutions provider. Your satisfaction with our offering is important, absolutely do not hesitate to contact me should you have any concerns or questions.

Sincerely,

Dylan Westgate
